

FC 700HT

\$159,995

Looking for the ultimate fishing weapon? Look no further than the FC 700 Hardtop.

With its wide body cabin and raised shearline the FC 700 has the room and looks to match its blue water capabilities. With a large front FC Ballast Tank to calm the seas and the FC Underfloor Flooding Chamber, the stability/fishability at rest will impress.

We have been constantly improving the FC 700HT and now with 6mm hull, 5mm sides and 4mm cabin the ride and handling have been further enhanced. Impressive looks and practical layout in either a full lock up cabin or open hardtop will depend on your individual requirements. With full game rigging options and being able to walk and fish from the stern cage to the flat bow platform gives you a 7meter boat with so much more.

LOA on Trailer: 8.4m

Fuel capacity: 260L

Approx. cruise speed: 28mph

Approx. top speed: 42mph

Rec. HP: 225 - 250hp

Customer Review;

The FC 700HT is the 4th boat I have owned and is by far the best. The team at FC allowed me to make changes as it was being built, they were accommodating to my ideas throughout and the process was smooth and streamlined. I would recommend anyone looking to build or buy a boat, to visit this fantastic boat supplier first. I love how the boat handles in all weather conditions across the East and West Coasts. It is by far the safest boat I have travelled in across the Raglan bar. The boat has been designed for multipurpose use including diving, fishing, skiing and overnighting, and works well for all these uses. I love my FC boat."

Richard Harris – FC 700HT
