

FC FREEDOM

TOW YOUR BOAT & QUAD USING YOUR MOTORHOME

Explore New Zealand's most beautiful coastlines by land & sea. This was our vision with the FC Freedom.

Enabling campers' the ability to tow a boat and a quad bike from a single anchoring point is exactly what the FC Freedom achieves. Gone are the days of choosing between your boat or car as with the FC Freedom, this makes adventuring by land & sea that much more accessible.

The FC Freedom features the hugely popular & very capable FC 430 Tiller powered by a Suzuki 40hp 4-Stroke Electric Trim & Tilt outboard. Inside, is the Suzuki King Quad 400 to tow the boat once you're at your campsite.

Sitting on a widened & strengthened Voyager trailer, the FC Freedom comes with a heavy duty single operation crane hoist that makes unloading the quad a breeze from the touch of a button. Kitted out for the ultimate kiwi summer at your favourite camping spot, the FC Freedom awaits its next adventure.

Start creating memories this summer with the FC Freedom. Packages from \$39,995.
